

H3 GROB AIRCRAFT

**WERDEN SIE TEIL DER
GROB AIRCRAFT
FAMILIE**

An einem interessanten Arbeitsplatz.
Mit einem begeisternden Produkt.
In einem dynamischen Team.
Wir suchen Sie als:

Avionics and Electrical Design Engineer (m/f/x)

[Online-Bewerbung](#)

KEY RESPONSIBILITIES

- Development of avionics and electrical systems
- Preparation and revision of technical documentation (circuit diagrams, pin-to-pin definitions, manufacturing documents, etc.)
- Technical support for prototype manufacturing and assistance during series production
- Preparation and supervision of tests at system and aircraft level, including flight tests
- Creation of certification and compliance documentation

QUALIFICATIONS

- Degree in electrical engineering or a comparable qualification
- Ideally, experience in the field of avionics and electrical systems
- Preferably familiar with tools such as Siemens NX, AutoCAD, or Teamcenter
- Experience in system design, bus systems, and digital cockpit systems is desirable
- Excellent command of English, both written and spoken

We are a dynamic family-owned company with short decision-making processes and open doors. Additionally, we offer:

- 40-hour workweek, 30 days of vacation, company pension plan & a secure workplace
- "Work-life balance" – harmonizing career and family
- A relaxed work atmosphere with open and respectful leadership

We look forward to receiving your application via email or, ideally, through our career portal.
